Jefferson City Team Failed to Appear on the Grounds.

Yannigans and Regulars Game Was Substituted.

## HARRIS LOOKS GOOD

Prodigy Allowed Only Four Hits in Seven Innings.

### Long's Work in Left Field Prov- Milwaukee ...... ed a Feature.

The Jefferson City team falled to show up at Association park yesterday afternoon, and in order not to disappoint the large number of fans who were there, a game was played between the Regulars and Yannigans. Jefferson City must have contracted an unusually severe case of frapped pedal extremities, for not a word has been heard from them, and it is generally supposed that the team is still in the muddy Missouri capital city.

But there was a good game just the same. The contest was not enough one sided to be uninteresting. The Yannigans were composed of six nitchers and of course the work was pitchers and of course the work was a little ragged in places. This is not the team which will perform Sunday as Jay Andrews Renegades. Old Jay himself will be with the Renegades Sunday and the line-up will be shifted around more effectively. Olson will also be with the Renegades.

The feature of the game was the pitching of Young Harris. This youthful prodigy comes up to the advance notices. Only four hits were noted from him in seven innings.

youthful prodicy comes up to the advance notices. Only four hits were poled from him in seven innings. He has a nice break on his fast ball and also has a few curves. He shows good headwork, and his delivery is graceful. He will be kept here for some time after the season starts at least, so that he can be well looked over. It is thought now that he is a gem in the rough.

The only run which the

hit to right field for two bases and scored on Burnum's single.

The Regular team looked pretty good. Dr. Jay was on third and had more than the usual amount of ginger. He is certainly a card and is ready to set the Western league fans a going any time. Long and Wooley have been shifted and Long looks better in left than he has in any of the outfield positions. In the fifth innum out Long helped Harris out of a hole by making a one hand jumping catch on Cullen, and completing a double at second base.

Killingsworth worked for the Cross and only care and second base.

Killingsworth worked for the Cincinnati 7, Pittsburg 4.

the Regulars, nine hits being the allotment for seven finings.

The Regulars started proceedings in the first inning. Long singled and scored on hits by Geler and Cooley. In the second inning Long reached first on an error with two out and scored on Wooley's triple. Geler singled scoring Wooley. In the sixth the Regulars earned three runs. Olson was safe on an error by Slapnicka, and Kerns got a life on McManus's error. Harris walked. Long singled and Olson scored. A moment later Kerns was caught napping off of third. Wooley hit into a fielder's choice and the bases were filled again as a slow one prevented an out. Another error on the Yannigan infield allowed Harris and Long to scored on Wooley's triple. Geler singled scoring Wooley. In the sixth the Regulars earned three runs. Olson was safe on an error by Siapnicka, and Kerns got a life on Mc-Manus's error. Harris walked. Long singled and Olson scored. A moment later Kerns was caught napping off of third. Wooley hit into a fielder's choice and the bases were filled again as a slow one prevented an out. Another error on the Yannigan infield allowed Harris and Long to score.

# THE CURE FOR SCROFULA

The usual symptoms of Scrofula are enlarged glands of the neck, sores and ulcers on the body, skin affections, catarrhal troubles, weak eyes, and general poor health. The inherited poison, transmitted through the blood, pollutes and weakens this fluid, and in place of its nutritive qualities fills the circulation with scrofulous matter, which saps the vitality of the entire system. Thousands of children, born with a scrofulous taint, have spent their childhood in constant physical suffering, and grown to manhood or womanhood handicapped by ill health and stunted growth, and perhaps later some disease of the bones or joints developed. S. S. S., given in their early life, would have prevented this. It would have cleansed and purified the blood of the taint, nourished and stengthened their systems, and assisted each to grow into strong, healthful manhood cleansed and purified the blood of the taint, nourished and stengthened their systems, and assisted each to grow into strong, healthful manhood or womanhood. S. S. is the very best remedy for Scrofula. It goes down to the bottom of the trouble, and cleanses the circulation of all scrofulous matter. It supplies the weak, diseased blood with strength and health-building qualities, and under the purifying effects of this great remedy all symptoms of Scrofula pass away S. S. S. contains no minerals in any form, and is an absolutely safe treatment for children, even infants, or persons of any age. Literature about Scrofula and any medical advice free. The last years of life are the sweet est, and yet the most difficult to pro-long. It is then that the greatest care is exercised in maintaining bodily health. But the chief care should always be with regard to the food you eat and whether you are digesting it properly. You should not allow yourself to become constipated.

self to become constipated.

No doubt you have tried salis and cathartic pills, purgative tablets, etc., and have come to the conclusion that they are violent in action and do but temporary good. Listen, then, to the voice of experience with regard to a wonderful and mild laxative. Dr. Caldwell's Syrup Pepsin. It is not new, only we are trying to find new friends for it.

A. A. Felts, of Johnston City, Ill., suffered from stomach trouble for six years and found his cure in Dr. Caldwell's Syrup Pepsin. His wife uses it too with success. We could name hundreds of others. Some heard of it first through neighbors or friends; others through the locfor's offer to send any sufferer from a storiach, liver or bowel complaint a free ample bottle for trial, without charge. If you will send your name and address he will send you a trial bottle direct to rour home. If it proves itself as he claims then continue the treatment by buting a Sociation of the sell it. Old people like children, should look for purity, and this remedy is vouched for with the U. S. government. Also, though a free bottle is sent to prove its merits, results are lways guaranteed from the regular bottles bought of druggists, who will reund your money if it does not salisfy our Send at least for the free test bottle oday.

-that's the seat in XTRAGOOD children's pants. They'll last twice as long; that's because every pair is lined all the way through. It makes them cost a lot more at the factory but the price to you doesn't show it. Just the same as if a light-weight pair of pants was sewn inside of a heavier pair—Can't you see how that keeps the knees from knocking through and the seat from frazzling into holes? It gives that full "fashion-platy" look to the knickerbockers, too. Makes them set with grace and roominess.

Every part of an XTRAGOOD Suit is right. The coats are made like men's garments. They are not mere cut outs of cloth stitched together. They have padded shoulders, lapels that stay flat and breasts that won't break.

Made of cloths that hold color and hold wear, too—finished by the mills with the idea that they are going to be cleaned a lot. An XTRAGOOD suit means an extra wear suit-not extra price.
